Introduction

Pursuant to New Mexico Supreme Court Order No. 17-8500-001, attorney staff (as provided in the Case Access Policy for Online Court Records) may apply to receive login credentials to view court cases currently digitized in the New Mexico Judiciary's Odyssey Case Management System "Secured Odyssey Public Access" website (SOPA). Access to court records in SOPA is a privilege conferred by the Supreme Court to aid the efficient administration of justice to the extent permitted by law. Access will be granted only to applicants who qualify and who agree to the terms of use and non-disclosure set forth below.

Due to varying restrictions on public access for certain case types as provided by law, cases in SOPA are divided into three tiers with three corresponding levels of access, which are defined as follows:

- **Tier 1:** Most cases that are viewable in SOPA fall within Tier 1, including most civil, probate, domestic relations, and criminal case types. To request login credentials to view SOPA cases in Tier 1, you must complete Part A of this application and the New Mexico Administrative Office of the Courts Terms of Use and Non-Disclosure Agreement.
- **Tier 2:** Cases in Tier 2 include delinquency proceedings in Children's Court and criminal proceedings that involve domestic violence. To request login credentials to view SOPA cases in Tier 2, you must complete Part B of this application, in addition to the items identified above for requesting Tier 1 access.
- **Tier 3:** Cases in Tier 3 are subject to strict confidentiality protections and therefore are not viewable in SOPA. Tier 3 cases include proceedings under the Abuse and Neglect Act, the Families in Need of Court-Ordered Services Act, adoption proceedings, parentage proceedings, and mental health proceedings. Proceedings under the Family Violence Protection Act, i.e. civil domestic violence proceedings, are also in Tier 3, but for public safety purposes, only Law Enforcement Officers may view these cases.

Use of SOPA for any purpose other than viewing individual electronic court records, including attempting to download multiple records, is strictly prohibited. Data use is subject to NMSA 1978, Section 14-3-15.1. The Administrative Office of the Courts reserves the right to redact information from SOPA court case files as required by law. Online access does not include documents that have been sealed in a particular case,

regardless of tier or case type.

Application Process

To apply for an account to access Tier 1 SOPA court case files, please complete Part A of this application and the New Mexico Administrative Office of the Courts Terms of Use and Disclosure Agreement. Each applicant requesting access must submit the application via email to the New Mexico Administrative Office of the Courts Judicial Information Division (“JID”) at support@nmcourts.gov. The account will have unique login credentials associated with the applicant’s email address, and therefore, each applicant must submit his or her own application using the applicant’s email address. Please allow up to thirty (30) business days for your application to be processed. You will be emailed your login credentials along with an initial password after your application has been approved. All information provided to JID in your application will be held confidential and will only be used to open and manage your account.

If you also would like to apply for access to Tier 2 SOPA court case files, please complete Part B of this application, in addition to the items listed above for requesting Tier 1 access. Tier 2 cases are divided into two categories: (1) delinquency proceedings in Children’s Court, and (2) criminal proceedings involving Domestic Violence. You may request access to either or both Tier 2 categories by completing the relevant portion(s) of Part B. Because Tier 2 cases include confidential information that must be protected by law, **Tier 2 access is limited to applicants who qualify for access under state or federal law and who demonstrate a compelling need to view delinquency or criminal domestic violence proceedings.**

Access to Tier 2 cases will be granted only upon approval by the Online Access Subcommittee and may take up to sixty (60) business days to process. The terms of use and non-disclosure as set forth in your application apply to any access you are granted for Tier 1 or Tier 2 case types.
