FROM: Amy D. Webb – Health Services Director
RE: Letter of Support for SB3
DATE: September 25, 2025

Dear Ms. Lucero,

Alamo Navajo Health Services Division which includes our Behavior Health Department is providing this letter of support for the Regional Behavioral Health Planning application being submitted by Socorro County for Region/District 7. This application is being submitted in the amount of \$45,000.00 to provide planning, reporting and evaluation of Behavior Health services in Region/District 7.

As a member of the above referenced region/district, Alamo Navajo Health Services welcomes any and all assistance to help us combat the stigma and challenges surrounding mental health treatment, including substance abuse treatment and prevention.

As you are no doubt aware, the Alamo Navajo community has a death rate from overdose over 300x the national average.

<https://www.reuters.com/world/us/us-fentanyl-deaths-are-declining-not-this-new-mexico-reservation-2025-01-25/>

This application and subsequent award would be indispensable to address Behavior Health needs for Socorro County and the community of Alamo.

Please do not hesitate to contact me if you have any questions, concerns, or need for further clarification.

Thank you for your time and consideration.
Take care.

A handwritten signature in black ink, appearing to read 'Amy D. Webb', with a long, sweeping vertical line extending downwards from the first letter.

Amy D. Webb MS, RD, LDN
